Its praise is in the mouths of multitudes. The best men of our country give name Hon. H. Clay, Hon. Richard M. Johnson, Vice Pre dent of the United States, with hundreds of others. Cal Thomas Canot—brother to the celebrated physician of the Emperor of France—was cured by it of a disease of seven

years' standing, after the skill of the Doctors of Europe and America had failed. In fact the rich and the poor, young and old, in every place in the city and country, find the same success attends its use. Hampton's Vegetable Tineture is purely vegetable, and warranted free from all mineral substances. This Tincture, by its mild, pleasant, and safe action on the stomach, liver, kidneys, lungs, and the nervous system, cures Dyspepsia, Liver Complaint, Diseases of the Urinary Organs, Coughs, Asth-

Bowel Complaints, with all diseases arising from impure blood. As a remedy for the various derangements of the Female System, it seems to have no superior.
THE FEMALE SYSTEM HAS, IN DOCTOR HAMP-Ton's Vegetable Tincture, a Cure for its numerous and complicated derangements. Hundreds who have been debilitated and dispirited, and on the verge of a premature grave, have been restored by its use to blooming health, which we
